Liftoff

Program Expectations

You have been accepted to LaunchCode's Liftoff program. You must agree to the terms of the class and sign this Canvas agreement to be enrolled in the program.

Liftoff

Logistics: Class meets once a week, and you are expected to attend every class.

Course Work Expectations

It is expected that you will be working on your project everyday. Project work time in class is limited, therefore you must work on your project outside of class to be successful. Overall, you can expect to spend about 10-20 hours of work outside of class for this program. Most of this outside work time will be focused on your own personal project. There will also be prep assignments that must be completed prior to Tuesday's class. Class attendance each week is mandatory.

- **Requirements:**
    - Complete 10-20 hours of project and prep work outside of class
    - Work on your project extensively throughout the week
    - Complete prep assignments prior to Tuesday's class
    - Attend class each week
    - Complete required in-class work

Class Structure

There will be structured lectures and exercises during class time. You will share a mentor with a small group of 5-6 people. Your mentors will be there to evaluate and aid your progress. We highly encourage you to help your fellow group members throughout the program.

Lectures will last 1 hour. The rest of class time will be split between 1-on-1 meetings with your mentor, and the in-class exercises. When you are not meeting with your mentor, you will be expected to work on the in-class exercises.Working on your project throughout the week will be crucial for your progress and productivity in class. Here is an overview of items to expect.

- In-Class Lectures (Networking, Live Coding, Continued Education, Navigating Github, Interview Skills)
- In-Class Exercises (Live-Coding, Mock Interviews, Resume/LinkedIn/Github Updating)
- Individual Project Work Time

Drop Policies

LaunchCode may drop students if they submit more than two assignments late, or miss more than two classes.

Student Agreement

You agree to complete the class requirements stated above. You understand that by completing this program, you are indicating interest in completing the LaunchCode apprenticeship process. You are committing to work on your project extensively outside of Tuesday's class time. You are committing to do the required prep-work and assignments for the class. You are stating that you will attend each of the following classes:
